PICK and PACK STRUCTURE
Shipment/Order/Pack/Item

The following is an outline of what will be sent in an 856 Ship Notice to a vendor.

A separate ship notice must be provided for each bill of lading. In the case of multiple truck loads, each truck load requires a unique BOL and a separate ship notice.

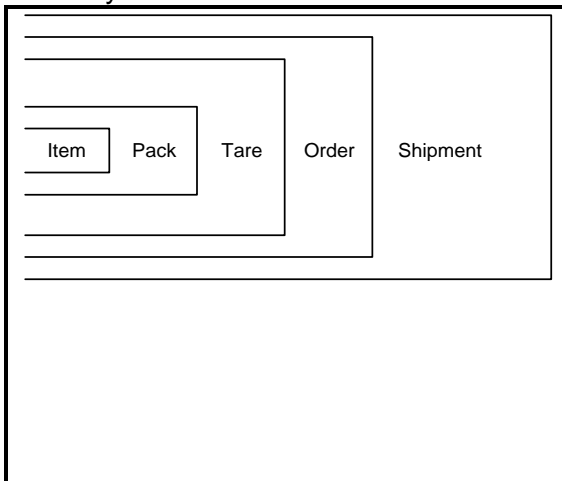

If you have questions or need assistance with this document, call 513-782-1222.

Note: Functional Acknowledgments are required from vendors for all documents sent by Macy's.

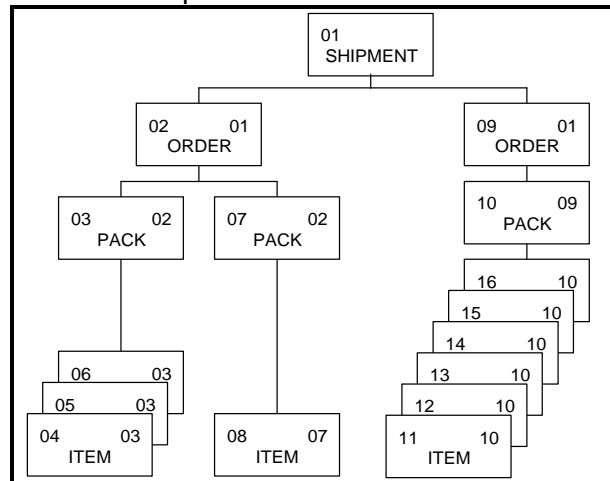

REQUIRED STRUCTURE

The following diagrams detail the structure required in this document.

The following example depicts the detail area of the Ship Notice/Manifest transaction for use within the retail industry.

Each box represents one hierarchical level and associated data segments detailed in this explanation. Required hierarchical levels are represented.
