

Macy's Midwest Conversion to Federated Systems

December 7, 2006

Dear Vendor,

We are entering the final phase of the integration of Federated-May. Macy's Midwest (MMW), formerly Famous Barr, will convert to Federated systems on **February 4, 2007**. The conversion includes EDI and the obligation to comply with the Federated Vendor Standards manual, which is available at www.fdsnet.com. Also, as part of this conversion, 22 locations formerly included in Macy's South (MSO) will move to MMW and MMW has one location realigning to MSO.

To help you prepare for this last phase of the integration, we have attached listings of the MMW stores with their new location numbers and their new EDI mailbox IDs. We are requesting that you share this information with the appropriate persons within your organization. **Distribution center (DC) listings and ship to addresses have now been added to the store listings. Please make note of the new ship to locations and the DC Alpha Codes.**

Changes effective February 4, 2007:

- **Nine locations currently serviced by the Kansas City DC #065 will begin to be serviced by the St. Louis DC**
- **Five locations currently serviced by the Bailey Road DC #185 will begin to be serviced by the Secaucus DC**
- **One location currently serviced by the St. Louis DC #022 will begin to be serviced by the Stone Mountain DC**

See attached matrix for store locations impacted

Please keep in mind that each **purchase order** is your **guide** as to when, where and how you are to ship that merchandise. Be aware that purchase orders for MMW may now be received from new Federated sender/receiver EDI IDs. MMW may also issue purchase orders from their current May system with ship dates after the February 4, 2007 conversion. **Your inbound EDI ASN (856) and invoice (810) must be sent to the corresponding mailbox from which the original EDI PO (850) was generated, regardless of the ship window.**

As part of the conversion, MMW will be realigning its department numbers to reflect the current Federated department structure.

Please continue to utilize Vendor Services at 513-782-1412 to answer any questions you may have regarding the Federated-May integration. Please make note of the number and communicate to any necessary persons in your organization.

Continue to monitor www.fdsnet.com for all operational information on the Federated-May integration and other matters of interest to our vendors.
