Dear Vendor:

As you know, Macy's is rapidly evolving into a seamless omnichannel retailer that provides customers what they want, when they want it, and how they want it. This is requiring us to change some of our processes and systems – both internally and in the way we interface with our vendor resources. The following describes some changes you will need to make related to shipping and invoice information for merchandise you sell to Macy's.

As with all transactions, **the EDI transmitted purchase order must continue to be your guide.**

- Macys.com fulfillment center locations will be changed. The “new” Macy's (Trading Partner ID 6113310071) location numbers for warehouse locations are:

Macy's Location #	Macy's Location Description
846	CFC Martinsburg – PS
852	CFC Portland – PS
858	CFC Goodyear - PS
864	CFC Cheshire/West Johnson - PS
876	CFC Sacramento - PS

- Merchandise shipped to these fulfillment centers must be packed in accordance with the [.com Packing Standards](#), available on [macysnet.com](#).
- Purchase orders previously generated and EDI transmitted for macys.com (Trading Partner ID 6113310088) warehouse locations **will not be re-transmitted. Please process and ship those previously generated purchase orders as-is. In the future, purchase orders for macys.com warehouse locations will be generated and transmitted by Macy's** (Trading Partner ID **6113310071**).
- You will begin to receive EDI transmitted purchase orders with these changes in mid-June, 2014. The In DC dates for these purchase orders will be August 3<sup>rd</sup>, 2014 and after.

- **Advanced Ship Notices (EDI856) and Invoices (EDI810) must be sent to the same Trading Partner ID and use the same location numbers transmitted on the Purchase Order (EDI850).**
- Vendor Direct to Consumer (V2C) purchase orders will continue to be transmitted from macys.com (Trading Partner ID 6113310088).
